

## **AWARD OF EXCELLENCE (2023)**

### **Les Borsay, Emergency Planning Specialist, The J.Paul Getty Trust**

Les is currently the Emergency Preparedness Coordinator for the J. Paul Getty Trust. He handles emergency preparedness and planning for the Getty Center and the Getty Villa. He has been with The Getty since 2000 and involved in the emergency preparedness job since 2014.

He is a member of the BICEPP Board, is the current Programs Committee chair as well as the Immediate Past President.

He has freely offered guidance to many museums across America to help them be better prepared for emergencies. His knowledge of museums and managing thousands of visitors in a public setting make him a sought-after speaker, in fact he recently spoke at the National Conference on Cultural Property Protection on the topic of Emergency Communications Coordination.

It is my pleasure to present the BICEPP Award of Excellence to Les Borsay.
